Bryam Steve Pinilla Jurado

Astronomy Undergraduate Student

+57 312 217 1388
bryam.pinilla@udea.edu.co

Education

March 2014–Present **Bachelor of Science in Astronomy**, GPA: 4.2/5, Universidad de Antioquia, Medellin, Colombia, Semestry: 10/10

- **Tesis:** "*Spectral characterization of host stars exoplanets using iSpec obtained by TIGRE telescope*", under the supervision of **Dr. Lauren Flor Torres, Dr. Camilo Delgado Correal & Dr. Esteban Silva Villa**

Research Interests

- **Stellar Astrophysics**
  Brown dwarf, Star evolution and structure, Stellar spectroscopy.
- **Galactic Astrophysics**
  Interstellar medium, Atomic and molecular cloud.

Academic Recognition & Awards

- 2020/02 Honors best academic student of physics institute, Universidad de Antioquia, Medellin, Colombia.
- 2015/01 Honors best academic student of physics institute, Universidad de Antioquia, Medellin, Colombia.
- 2014/01 Honors best academic student of physics institute, Universidad de Antioquia, Medellin, Colombia.

Research Experiences

2022–Present **Junior Researcher**, Fundación Universidad del Valle (Cali, Colombia), Grupo de Astronomía y Astrofísica Macondo (GAAM), Camilo Delgado-Correal and Lauren Flor-Torres.

- **100 Hours 100 Schools** Leader in the project of Las Cumbres Observatory by International Astronomical Search Collaboration (IASC) "100 Hours 100 Schools". In this we counts with 90 minutes will allow our to take 7-9 images depending on the object we are imaging. This program is designed for examining and discussing images of deep sky objects, planets and minor planet bodies (asteroids and comets) with school students.

Experience

Academic

Various Semestres 2016 – Present **Teacher assistant II**, *Responsible for 4 hour/week how advisor for high school and basic math for graduateds of high school at Mathematics Seminar.*, Universidad de Antioquia, Medellin, Colombia

2016 – 2022 **Teacher assistant I**, *Responsible for 4 hour/week for 8 grade and 10 of high school, and basic math for 11 grade 11 and graduateds of high school) at Mathematics Seminar.*, Universidad de Antioquia, Medellin, Colombia

Profesional

2018 – 2020 **Science Communicator and logistic assistant**, *We count with a mobile dome as a Planetarium where we projected differents scientific shows, specially in astronomy. Also we realized some workshops in astronomy for persons with a large variability of ages*, Inmerdome, Medellin, Colombia

Summer School, Conferences & Workshops

2022 **1° Latinoamerican School of GAIA**, Universidad de Antioquia, Medellin, Colombia

2021 **CRISP**, *Characterization of the light-curve transition of Hydrogen-rich Supernovae (Speaker)*, Virtual
`https://sn-crisp.github.io/CRISP2021/`

2021 **SuperVirtual: A virtual conference on supernovae and related transients**, *Characterization of the light-curve transition of Hydrogen-rich Supernovae (Poster)*, Virtual
`https://sites.google.com/view/supervirtual2021`

2021 **EVA 2021**, Instituto de Radioastronomía y Astrofísica (IRyA), UNAM (México), Virtual, México

2021 **RECA Internship - 2021**, *Characterization of progenitors and explosions of hydrogen-rich supernovae*, Virtual, Colombia

2019 **Colombian Meeting of Astronomy & Astrophysics (COCOA)**, Medellin, Colombia

Complementary Education

2020 **High dispersion spectroscopy for Astronomy and The large-scale structure of the Universe (AstroTwinColo)**, Universidad de Antioquia , Medellin, Colombia

2019 **Machine Learning in Astronomy and Gravitational Lens (AstroTwinColo)**, Universidad de Antioquia , Medellin, Colombia

2017 **Application of methodology tools in investigation: Process in Science, Technology and Investigation**, SENA, Cundinamarca, Colombia, 40 hours

2016 **Radioastronomy with ALMA e Introduction to astrochemistry (AstroTwinColo)**, Universidad de Antioquia, Medellin, Colombia

2013 **Seedbed of INGENIO UAM**, semillero de la Universidad Autonoma de Manizales, Manizales, Colombia, 40 hours

2012 **Comprehensive action Leadership program**, IPlay, Manizales, Colombia, 120 hours

2010 **Aptitude in the English language**, Centro de Idiomas Americanos (CIA), Manizales, Colombia, 120 hours

Computational Skills

Operative System **Ubuntu(Linux) basic-intermediate, Windows basic-intermediate**

Programming Languages **Python intermediate, C basic, Mathematica basic, LaTeXintermediate**

Astronomy Software **IRAF basic/intermerdiate**

Languages

- **Spanish:** Native language

Complementary Education No-Formal

2021 **University in web development (2021) - FrontEnd Web Developer (Javascript, HTML5 and CSS3)**, Udemy

2021 **University of Python (2021) - POO, Postgresql, Django, Flask**, Udemy
